Giving blood can be a family affair, and should be, according to Jim Beaty, on the right above, and his daughter, Mrs. Annette Beaty Williams, on the left. Mr. Beaty has donated 29 units of blood to the Bloodmobile Program and Annette has donated two units. They plan to give blood at the April 3rd visit and urge you to do so, too.

Studded Tire Use Illegal April 1

Richmond, Va. - Use of studded tires will be illegal in Virginia from April 1, to November 1, Colonel H. W. Burgess, Superintendent of State Police, warned today.

He said that formerly the permissive dates for studded tires were from October 15 to April 15 but that the 1972 General Assembly changed these dates to November 1 and April 1.

Colonel Burgess continued in saying that there is concern among highway engineers as to whether these tires damage road surfaces to the extent that the safety potential is outweighed and that the Highway Department is conducting a continuing study on the matter.

The American Red Cross Bloodmobile will be in Appomattox for the last visit of this fiscal year on Tuesday, April 3, 1973 at the Liberty Baptist Church from 12 noon until 6:00 p.m. The Bloodmobile is now making quarterly visits to Appomattox County and in order to reach the quota we MUST have 96 pints of blood donated at this visit. There will be no make-up visits . . . so let's make it 100%, the way Appomattox County has been for years.

Eighteen year olds can donate blood without parental consent and are urged to share in this worthwhile, life-saving project.

The Woman's Club of Appomattox will be in charge of the Canteen and will serve drinks and sandwiches to all donors. King's Market will donate one-half gallon of ice cream to all donors and a quart of Pepsi Cola will be given each donor.

Remember - this is the last visit of the fiscal year and we need 96 units of blood to reach our quota for the county so plan to get out, roll up your sleeve and donate a unit of blood on April 3rd.

The 3-day event of camping, music and family fun will feature the old time clawhammer, and bluegrass banjo as a part of the band and also in solo. The tunes played by these groups are old, many of them dating back to pioneer days of America or earlier.

The Town Council of Appomattox, meeting Monday night, designated the first two weeks in April to be set as Annual Spring Clean-Up for the town.

Trucks will be available week days for trash pick-up during this designated time in an effort by council to help clean-up our town. You may call the town office during this time period for trash pick-up after your cleaning is complete.

On request from T. E. Pittman, Resident Engineer Virginia Department of Highways, council adopted a resolution supporting a proposed plan to improve Evergreen Avenue from Route 727 (at the H. B. Stanley residence) through to Route 635 (at A. R. Harwood residence). With the completion of the new high school set for Fall of 1974, it is felt that this improvement would be justified in order to accommodate school bus traffic and provide better access to school property.

Pittman reported to council that plans are complete for the Court Street project and as soon as they secure right-of-way approvals can go right ahead with the work.

In other action, council passed a motion requiring that Personal Property taxes be paid prior to issuing a town tag. Town tags are on sale at the town office at a cost of $10.00 for each vehicle operated on public roads or highways and everyone living in the Town of Appomattox who owns a motor vehicle is required to have a town tag.

A resolution was passed by council asking the Virginia Department of Highways to take Route 1009 into the road system, it would extend to Route 24.

Bill Slagle, Town Manager, reported that a water and sewer rate study is being conducted at the present time.

On authorization by council, Slagle will have an Actuarial

It is most important that the local chapter meet its goal this year since it has fallen short for several years and funds are desperately needed to meet the obligations of the local chapter. One-half of all funds obtained in the county will be retained for local needs and one-half remitted to the National Chapter for disaster relief, aid to servicemen, blood programs and the many other services rendered by the American Red Cross.
